

2020 YEAR-ROUND HANDYMAN APPLICATION

Dear Homeowner:

Included in this package is an application for our handyman program. Before you begin filling out the application, please take a few minutes to read through the information below about our application and selection process so you will know what to expect over the coming months. Please note, Rebuilding Together Dutchess County Handyman program only serves owner-occupied homes within Dutchess County and households which include a member that is 60 years and older which could benefit from these services. Should you apply, please understand that it may take a few months for you to hear from us and we ask that you have patience while we review the numerous applications we receive.

Handyman Application Period:

Applications can be submitted at any time. Rebuilding Together Dutchess County (RTDC) staff will review your application and determine if you are qualified for our program. Qualification means that you meet our income and home ownership requirements; this does not mean you have been selected to receive services. If you do not qualify, you will receive notification. If you do qualify, you will receive notification and be contacted by an RTDC staff member or volunteer who will want to set up one or more appointments at your home to discuss the program with you as well as look at your home to determine what critical home repairs are needed to help ensure that you are able to live in a warm, safe, dry and independent home environment. Making your home warm, safe, dry and independent are our main priorities. **PLEASE NOTE:** Having an RTDC staff member or volunteer visit your home does NOT mean that you have been selected for our programs.

Selection Period:

Unfortunately, not all homes can be selected. Our organization is funded through sponsorships and grants from the community and Rebuilding Together Dutchess County must base the number of homes completed on the funds available to us. When and if an opportunity arises to have repairs completed at your home, an RTDC staff member will contact you to discuss this process and the anticipated timeframe as to when the work will be completed.

Eligible Repairs:

The Handyman program provides small-scale repairs and safety and accessibility modifications. These repairs can typically be completed in four hours or less and include repairs such as grab bars, hand rails, improved lighting, minor accessibility modifications, and fire safety installations. **Mobile homes are not eligible for the Handyman program.*

If you have any questions about eligible repairs or the application process, feel free to call the office at the number below. Please make sure you read through the application instructions so that nothing is left out and your application can be processed as quickly as possible.

Sincerely,

Wyeth Drummond
